

Programme specification of the postgraduate studies program in the Department of Microbiology including departmental code, courses codes, courses titles and credit hours for each course.

Department code	Course code	Course title	Credit hours
MP-025	MP-025-1	Microbial cell structure & growth	16
MP-025	MP-025-2	Microbial Growth & metabolism	12
MP-025	MP-025-3	Control of microorganisms	18
MP-025	MP-025-4	Genetic & molecular biology	16
MP-025	MP-025-5	Pathogenesis of infectious diseases	14
MP-025	MP-025-6	Basic Immunology	18
MP-025	MP-025-7	Bacterial & fungal infections diseases	36
MP-025	MP-025-8	Viruses & viral infections	32
MP-025	MP-025-9	Clinical immunology	18
MP-025	MP-025-10	Molecular & immunological basis of the diagnosis of infectious diseases	18
MP-025	MP-025-11	Epidemiology & disease control	14
MP-025	MP-025-12	Infective syndromes	16
MP-025	MP-025-13	Food, water & public health	14
MP-025	MP-025-14	Research methods, biostatistics & management skills	24
